

Directions for Communicare Offices

Directions to our main office - 6 Northlands Road, SO15 2LF

Our office is on the first floor and there isn't a lift. We can arrange to meet you elsewhere if you can't manage the stairs. If you are just popping along to drop off or pick up something we can come down to you.

6 Northlands Road is a large white detached house at the Avenue end of Northlands Road. It is next to Woodlands Way. **The door to our office is on the right-hand side of the building.** You should spot our logo on the door entry system.

From the Avenue it is on your right just after you pass Hulse Road on your left. It is quite hard to spot the drive. From Archer's Road it is on your left straight after Woodlands Way.

You can park on the street outside for up to 4 hours. You are welcome to park in the carpark at the front of the building if there is room. There is a bike rack.

Nearest bus stops are the Northlands Road stops on the Avenue -about a 3 min walk. It's about a mile from the Paynes Road/Shirley Road junction on the A3057.

Directions for Your Key Space

Thursday 1:15 – 2:45, Unit 1, Capstan Road, Centenary Quay, Woolston

Your Key Space is on the ground floor, it has a lot of glass like a shop. It's more or less opposite to the entrance to the Century Quay public car park. The main door is on the side facing the pedestrian area and is clear glass. There isn't a doorbell but if you knock someone should see you. If you have your phone on you, call our main office and the coordinator will come and find you.

By car: Park in the Century Quay public car park and follow signs on foot to shops and restaurants. Your Key Space is more or less opposite, slightly to the right. (It's free parking for 2 hours but it's camera controlled so if you stay over 2 hours you'll need to pay on return).

On foot: you can walk down Capstan Road and it will be on your right-hand side. Continue round to the door with clear glass facing the pedestrian area. From Mettricks you will need to go down the external staircase from the level Mettricks is on and it is almost opposite the bottom of the steps
